APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the point of diversion of the waters of Deer Creek Spring as heretofore granted under Permit 515, (Certificate 576), is issued subject to the terms and conditions imposed in said Permit 515, (Certificate 576), and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State retains the right to regulate the use of the water herein granted at any and all times.

A cultural map must be submitted together with the Proof of Beneficial Use delineating the actual acreage irrigated not to exceed 59 acres. The area of lots developed for Quasi-Municipal purposes under Permit 26361 or Permit 515 will be deducted from the place of use for irrigation under this permit where the place of use is coincidental.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 6.0 cubic feet per second, but not to exceed

177.0 acre-feet annually

Actual construction work shall begin on or before November 26, 1972

Proof of commencement of work shall be filed before December 26, 1972

Work must be prosecuted with reasonable diligence and be completed on or before November 26, 1973

Proof of completion of work shall be filed before December 26, 1973

Application of water to beneficial use shall be made on or before November 26, 1974

Proof of the application of water to beneficial use shall be filed on or before December 26, 1974

Map in support of proof of beneficial use shall be filed on or before December 26, 1974

Commencement of work filed FEB 20 1973

Completion of work filed JAN 14 1974
